You're
...

What happened to all the friends you made with your big boobs?
Ah, it is isn't Miss Popular crying her eyes out.

黙示録アリス

What is it, Miss Shessela-nny?
Shit. Me and Bastard
Really now, what a up with them?
We really should get rid of that freaky way of speaking
You came to save me... so thank you so much
Even so I thought I was a goner
I'm really happy
Next I want all of your info. Among your class-mates
Jeuha
Of course this isn't free. When we leave the labyrinth I'm charging you
Are there any that have explo-sion magic, is it?

There were just they just abandoned me a few moments ago
Maybe it is impossible to make a friend willing to sacrifice their life for me in a single day
Because all your family persons die
Ahaha I'll kill you you know?

Eh? You'll kill your savior? No wonder all your friends die.
I think I found a cube s ki bi bid
Ahn?
Fufu hey Shimo-zoke-kun

Our destination is the third floor
At the corner will take the left-most path
Target
It seems like the diseased girl is at the end of that path
Bah right, now...
We should keep moving

繁示録アリス

Then you should escape, right? Weren't you listening to the instructions? If four stars disappear, escape immediately
Of course I listened
Haven't you broken all your promises?
Ah, you're right...
Then go. Someone without friends here is a burden
Ufufu
I don't need 100 friends
I'm actually really bad at making friends
If we're together
But Shirase-kun
I feel like we can actually save this world

うーん
I guess I'm not good at being cute while not acting. I should be more careful
Ah... is that it?
You're so dense
What are you muttering about?
What's with you? Are you making a move on me or something?
Eh?

We'll go in this direction
Yeah
Let's clear this labyrinth and save good results in our records
It's nothing. Just forget it.

We'll go with this
So! Let's head to the third floor!
Follow me!

Don't tell me it's another girl
Do you have friends below?
No-thing
Shirase-sakae-kun what's wrong?
Above I have a bad Feeling
Let's keep going up
It shouldn't be like this.
I can't hear you! Who?
Mi
Mizuho Gunjo-san
Who is your leader? Who has been protecting you this entire time?
No one will be escaping the labyrinth!

I have to make Papa and Mama proud!
I have to be valuable...
...Alright.
This time, I'll...
I'll clear the labyrinth without a single sacrifice!
But even so...
Don't- aaaahhh!
The genius, Mizuno Ganjou-san!
Yes, I can be a genius

Fall back! I'll deal with this!
This can't shake me!
Nothing will! These monsters... I can destroy them all!
Isn't that nonsense, Mizuhe-sama! Even after all these people died...
Because of your own selfishness, so many people have died.
That...
That's nonsense

Saito-kun's dead!
We have to escape quickly!
Damn it! Damn it!
How could this be?
(Escape switch)
(Escape switch)
You're all incompetent. You came to kill the girl!
We just have a little more to go!
Gyah-hhh !!!
Noo-ooo !!!

Stop joking! Who do you think I am?
Ash... we'll die here
I-I don't want to die!
I am Muzuine Gunjou!
I never lose!
Never!!

Sea Moon Wheel Switch!
Wash!

I'll buy you some time!
If you're fine with being seen as useless then hurry up and escape!
[D-Defensive Emperor Switch]
!!

パーン
Kyaahh!!
ドン
じわ

Damn, this is wrong
...I will not fall here... I can do this!!
Go Me....
If I fail, Yuya and Mana will disown me...
...no... I'll definitely win!
What's wrong with me?
Who am I? I'm one of the Mizuiro Family!
So I'll never lose...
GO GO GO GO GO GO!!!

HEY MONSTERS!! I'LL MESS YOU UP UNTIL YOU DIEE!!

HAA-
HAA-AAAAAHHH!!

SEA MOON WHEEL SWITCH!!
Gya-ah!

I finally
caught up
with you-
Fuuu, it's cool.

黙示録アリス

Ah I see
So... you — when did you get into that kind of relationship?
Well typically Yousuke would be protecting me

Hurry and put me down!!
Wait! Wait! No!

Don't misunderstand, ok?
I-I could have taken care of that on my own!
Don't be silly!
That hurt
Put me down! Now-!

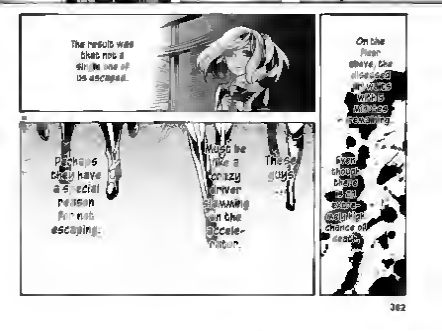
Hey! Don't ignore me! I'll beat you all up!
What a relief! You're alright Shinne-suke san!
Rim! It's safe now! Shinne-suke is also here!
I'LL MURDER YOU!
What-ever
ぱしゃ
Now, now
I don't think now is the time for that
Ah-the girl is underestimating us. There's not a drop of guard around her
Is Rim checking the third floor?
Let go of Me!
Aha~

I'll draw a map
Here are the positions of all the traps
If you fall into one, there's a 94% chance of death, so be careful!
Just to be clear, I'm the tester of this team, right? It's only natural!
Stop fooling around, Kenjou! We were the ones who picked you up after all of your companies died
There is less than 7 minutes left!
08:07
Hey!
Listen to Me!
What? How about we settle this by figuring out who's stronger between us two?
Fine with me

Tsss
Ah, I'm sorry, but since all of my magic stats are support magic I'll be useless from here on, so I'll escape
Ah, I'm Kimiso Kiri
From class 3
But we've all survived even in a labyrinth with such a high level, you're all amazing people
The rest of my class has abandoned me here
Answer, you're amazing for not escaping
If you all work together
I'm sure you'll be the dream team of the entire school

Fine! Power idiot and vomit girl
So hurry up and get along, get it?
...Um
00:06
Less than 6 minutes
We have less than 6 minutes to fight the diseased girl
But if she's too strong I'm escaping immediately
I'm not helping anyone injured.
Even if we could win, I'm escaping if there's only 2 minutes left
All I want is money, Peace and power. Nothing else.
Anyone who wants to tag along
Feel free to go ahead
So I'm going up in order to claim the money

Is it fine if I chase them?
After the meeting, I see.



The result was that not a single one of us escaped.
Perhaps they have a special poison for not escaping.
Must be like a crazy driver swerving on the Scale-Tram.
These guys
On the floor above, the dismissed Mirage Wizards continue
even though there is still some slight chance of escape.

After we clear this labyrinth we'll go visit Yousuke in the hospital
!
Anyways, I'm not particularly interested in the circumstances of others
Well, alright
The third floor!

Ah what a nasty surprise attack!
Accel-eration Switch!
